DETAILED ACTION

Claim Objections

Claims 1, 3, 4, 6-8, 11, 13, 15-18 are objected to because of the following informalities:

Claims 1, 3, 4, 6-8, 11, for consistency purpose, "TIA" should correctly be -- **TIA circuit** --.

Claim 4, page 4, line 5, "signals" should correctly be -- **signal** --.

Claims 13, 15-18, for consistency purpose, "TIA" should correctly be -- **TIA circuit** --.

Claim 17, page 6, line 3, "**negative** input port" should correctly **positive input port** --. See paragraph [0029], which "the positive input port 202b is a high impedance input port that is used to provide the DC bias to **the positive input port** 202b."

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1, 18, “an other than DC component” appears to be unclear and indefinite. What does applicant mean by “other than”? It appears “a DC component” alone describes the claimed invention.

Allowable Subject Matter

Claims 1-12, 18 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 13-17 are allowed.

Claims 1-18 call for, among others, a filter circuit coupled to the output port of the TIA for filtering the TIA output signal to form a filtered signal.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
